

Circular & Biobased Textiles

Innovation Hub

Where European Sustainable Textile Experts Meet

Today, **sustainability and circularity are at the heart of textile innovation.**

European textile professionals are working towards the ambitious goals set out in the 2022 EU Strategy for Sustainable and Circular Textiles.

In this **Innovation Hub**, we offer a platform for learning, networking, collaboration, and information sharing. A place to come together and jointly tackle the sustainability challenges, **because together, we go further.**

How does it work?

Become a **member** as an organisation or as an individual expert

Get access to our **platform** to find everything in one place

Attend a **selection of events** that are of interest to you

Watch all **recorded webinars** on the platform

Stay in the loop via our **Innovation Hub newsletter**

Shape the programme! Let us know what are the topics most important to you

Innovation Themes

The Innovation Hub offers a set of webinars and workshops structured around five innovation themes, representing the key topics of textile circularity and sustainability.

Members of the Hub are invited to share their priority topics and thus help shaping the content of these sessions.

What's in it for you?

A **one-stop-shop** for sustainable textile innovation

A network of **likeminded experts**

A hub to explore new **collaborations** and projects

Join the Innovation Hub to...

LEARN

Engage and learn in live online sessions, offered 2-3 times a month. Listen to presentations about recent circular and biobased textiles innovations, pick the brain of experts and discuss the textile sector's sustainability challenges with industry insiders. Delve into our **Innovation in Circular and Biobased Textiles Masterclass** video library and discover over 80 recorded expert presentations.

NETWORK

Participate in online networking sessions, browse through the database of your fellow Innovation Hub members, or join us at one of the in-person meet-ups at the largest European trade fairs and textile conferences. You will also get the chance to visit open innovation facilities.

COLLABORATE

Discuss the textile sector's sustainability challenges with your peers in interactive co-design sessions or ad-hoc working groups, set up occasionally to address concrete issues with a short timeline.

SHARE

Publish your news in the Innovation Hub newsletter and share it with your fellow Hub members. Boost your visibility by sharing your content also via Textile ETP's social media channels. Use this opportunity to present your innovative solutions/research developments in one of the webinars or host a workshop and lead the discussion.
